

Mission Statement

The mission of the Black Mountain Fire Department is to save lives and protect property of the district we serve, when called upon by our neighbors. We are committed to providing our citizens the best possible service in a courteous, professional and cost-effective manner, to assure that every person who contacts the fire department receives satisfaction to the best of our ability. We will achieve this through continuous education, training, code enforcement, and community involvement, while maintaining the safest working environment possible.

Vision Statement

The Black Mountain Fire Department will be a safety conscious, professional organization while striving to be a leader in the fire service and the community. Through Professionalism, Dedication and Training we will work hard to set goals for ourselves and reach them as a team.

Core Values

Honesty - We will be honest to each other and the citizens and represent this value in both our words and actions.

Reliability - No matter the environment, routine or emergency, we will be able to be depended on to get the task done.

Integrity - We will maintain these values as our core direction and keep ourselves true to this through accountability and responsibility.

Loyalty - We will uphold the values of the Black Mountain Fire Department both on the job and off the job. We will always support the department over other interests and employment.

Professionalism - We will exhibit this value through training, ability, appearance and actions so that all who contact the Black Mountain Fire Department will understand that we are both paid and non-paid professionals.
